The Department of Development Sociology in the College of Agriculture and Life Sciences at Cornell University is seeking applicants for a 9 month tenure track position focusing on population and environment.

**Responsibilities:** This position has 50% teaching and 50% research responsibilities. Qualified applicants must have a demonstrated record of scholarship that focuses on the interrelationships of population dynamics and the changing bio-physical environment. Ability to participate in and contribute to interdisciplinary projects is expected. Appointees will be expected to develop an internationally recognized and externally funded research program on the connections and interactions between population dynamics and various aspects of environmental change such as understanding, mitigating and adjusting to climate change, ecosystem deterioration, and transformations of land use and ownership. Teaching will consist of 2.5 courses per academic year (2 courses one year; 3 the next). The appointee will be expected to teach a course on population and environment, and one on GIS and spatial statistics. Other courses might include population dynamics, graduate-level quantitative methods, or/and other specialized courses focusing on spatial population processes. More information on the demographic and environmental research, teaching and outreach interests in the Department of Development Sociology can be found at: [http://devsoc.cals.cornell.edu](http://devsoc.cals.cornell.edu).

**Start date:** August, 2014  
**Rank:** Assistant Professor or Associate Professor (tenure track)  
**Salary:** Competitive and commensurate with background and experience

**Qualifications:** PhD in Sociology or related social science disciplines. The candidate must have significant training (or equivalent experience) in demography, quantitative methods, and GIS and spatial statistics. Prior research experience examining population-environment interrelationships is required.

**Applications:** Candidates are requested to submit: (1) a cover letter, (2) a statement that describes recent and ongoing research and near-term research plans, (3) a curriculum vitae, (4) a statement of teaching interests and experience, and (5) an example of written work (maximum of three; published preferred). Senior candidates should include the names of three references who may eventually be contacted by the search committee. Junior candidates should have three reference letters sent on their behalf at the time of application. Review of applications will begin on October 1, 2013 and will continue until the position is filled. In order to receive full consideration, all materials should be submitted by October 1st. Any questions specifically regarding the job position should be directed to Professor Lindy Williams, Search Committee Chair. Please submit all application materials to Academic Jobs Online at [https://academicjobsonline.org/ajo/jobs/2824](https://academicjobsonline.org/ajo/jobs/2824).
